COME OUT Festival 2011

PROFESSIONAL LEARNING WORKSHOPS – STATE WIDE PROJECTS

COME OUT Festival 2011 has launched, and copies of the COME OUT Program and the DECS Teachers' Resource have landed in your site. Including many other things, there are 2 Statewide Projects that focus on *Digital Storytelling*: called *Our Place* and *Belonging in a Greener Future*.

To support these projects, a series of Professional Learning (PL) workshops for teachers have been offered by DECS Learning Technologies ICT coaches, with input from **ABC Local Radio Cross Media Reporters** and a digital artist from design company **Fusion** (which manages **Rundle Lantern**). These proved so popular we are running them again in the January school holidays.

One workshop involves using free software such as Photo Story / iMovie / Audacity etc, to enable students to make 30 second 'photo stories', that are then viewed on the **ABC Local Radio** website.

The other involves creating 30 second animations for the **Rundle Lantern** (a *digital art canvas*) on the corner of Pulteney and Rundle Streets and which can be viewed globally via the internet. PowerPoint is used as an animation tool and converted into a movie file – great for people new to animation!

There are of course other animation methods, but if you have skills in Stop Motion Animation or Claymation this workshop is worth doing as there are specific design features of the lantern to consider for best results.

Both workshops are **suitable for teachers from preschool, primary, special needs and secondary**. Children of all ages can produce photo stories and there are simple, as well as more complex, applications for animations for Rundle Lantern. Yr 12 Art & Design teachers have also been participating in these workshops for their students to design animations for Rundle Lantern, as well as Primary teachers.

Both workshops are designed to provide quick training for teachers to support students in developing content for **30 second photo stories** for uploading to the ABC Local Radio and also **30 second animations** for viewing on Rundle Lantern.

Please note the workshop costs will be met by DECS for its teachers only and catering will be provided. A workshop fee will apply for Catholic and Independent teachers.

If you are interested in either one or both the workshops please print the following page, fill in your details and **FAX BACK** to Sharyn Schell on **F: 8226 3840**

Confirmation of your booking, with details of what to bring, will be emailed to you.

COME OUT Festival Professional Learning Workshops					
Date	Workshop	Venue	ICT Coach/es Digital Artist/s	Catering	Computers
